That is a big conflict of interest when the CAC is for the CITIZENS. He is in charge of the agendas and won't put on issues that don't promote expansion and development. Bob	Bramen	IV. Public Comment Period	<p>I am pleased to see that the Overview of Federal Airport Law and Grant Assurances was added to the agenda since it got curtailed at the last CAC meeting.</p> <p>However, I'm sorry to see that the discussion of VNY Scheduled Charter Operations under Part 380 was not carried over from the last meeting. This as well as a broader discussion of selling open seats on charter flights at VNY should be on the next CAC agenda.</p>		06/05/23 8:16 PM
