*Los Angeles World Airports*

Van Nuys Airport is one of four airports operated by Los Angeles World Airports:

- Los Angeles International – LAX
- Ontario International – ONT
- Van Nuys Airport – VNY (General Aviation)
- Palmdale - PMD

Van Nuys Airport encompasses 730 acres and is home to more than 100 businesses, including five major fixed-base operators who provide aircraft charter, maintenance, services, storage, parking and fuel.

Van Nuys Airport Police provide law enforcement and security services for airport property, airport businesses, their employees and customers, as well as private and corporate aircraft that arrive and depart the airport on a daily basis.

Airport Police officers are first-responders to all unusual occurrences. They provide proactive patrols, provide customer service to travelers using the FlyAway bus terminal and 24/7 – 365 day patrols of all airport properties which include various businesses, a hotel, restaurant, golf course and two business parks.

Airport Law Enforcement is specialized and requires dedicated personnel trained in a wide range of security disciplines, including counter-terrorism, theft prevention, drug trafficking, persons under the influence of drugs or alcohol, mental illness and in-flight incidents.

The Van Nuys FlyAway bus terminal provides non-stop bus transportation between Van Nuys and Los Angeles International Airport (LAX) and is also part of the Airport Police patrol area. The bus service transports more than one million passengers annually and is used extensively by airline and airport employees for their daily commute.

Van Nuys Airport Police and Traffic/Security officers manage the traffic, parking and passengers who frequent the FlyAway bus terminal.
